In order to run on CloudBlue Commerce **8.4 and earlier** (not required for versions 20.5 and above), Connect requires a special APS application package called “**Abstract Types**” installed into the system as described below.

1. Download the Package

Download the **abstract types package version 20.5.0.439** application package to your local drive by clicking at the “Download” button below:

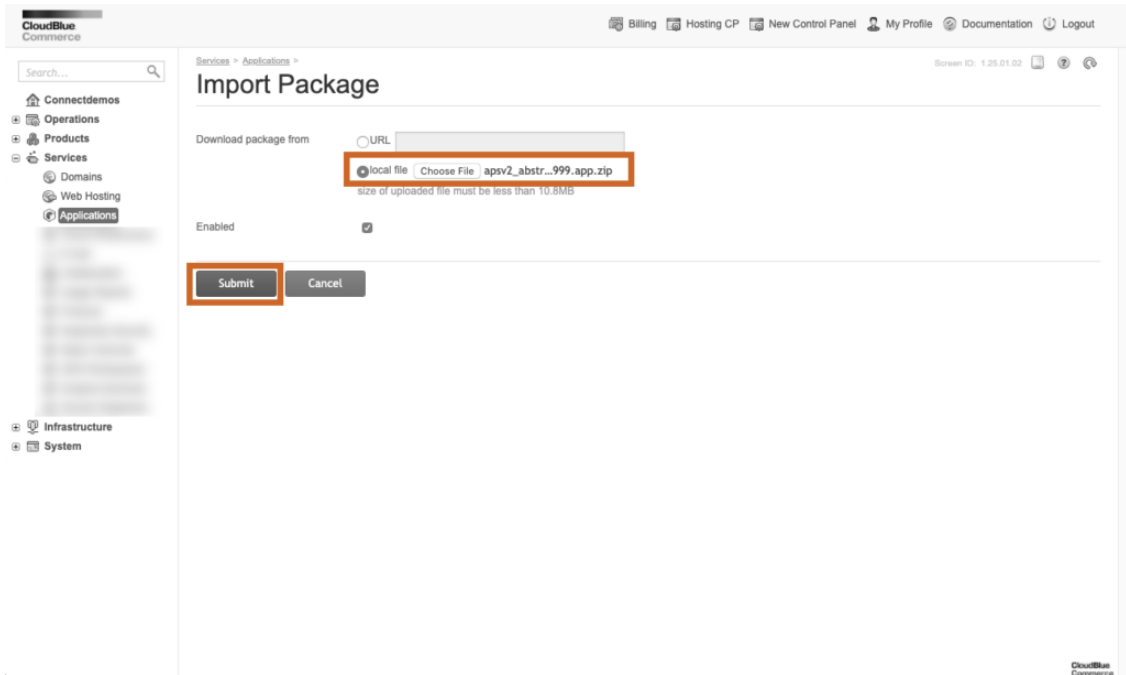

2. Import the Package

Import the downloaded application package into your CloudBlue Commerce platform:

1. Log in to the CloudBlue Commerce provider control panel
2. Go to **Services > Applications**
3. Click **Import Package**

In the Import Package dialog choose to import a **local file**:

1. Click **Choose File** and locate the **apsv2-abstract-types-20.5.0.439-PACKAGE.app.zip** application package downloaded in the previously
2. Click **Submit**
