Inviting Partners to Connect

This article has been generated from the online version of the documentation and might be out of date. Please, make sure to always refer to the online version of the documentation for the up-to-date information.

Auto-generated at May 25, 2026

Overview

The following instructions showcase how to invite Vendors and Reseller to the Connect platform by creating corresponding invitation links via the *Partners* module.

The aforementioned Contract Flow requires Distributors to create a program agreement, a program contract, and a distribution agreement and consequently activate an enrolled distribution contract to establish required business relationship and start working with Vendors. Distributors can also create a service agreement, service contract and syndication agreement to start collaborating with Resellers. Note, however, that the aforementioned contracts and agreements can be automatically generated and activated during your partner account creation.

Therefore, the guidelines below demonstrate how the aforementioned Distributor *Mighty Mick's LLC* can invite partners to Connect and simultaneously generate all required contracts and agreements.

Prerequisites

Once Distributors complete the provided initialization operations, the CloudBlue Connect platform enables Distributors to create Vendor or Reseller partner accounts. The aforementioned operations include:

- Hub Registration
- Marketplace Creation

In case all presented requirements are met, follow the instructions below to create required partner accounts, agreements and contracts

Partner Creation Wizard

The following provides instructions on how to create a Vendor partner account via a *Partner Creation* wizard. Note that all required agreements and contracts will be generated and activated during this partner account creation.

Proceed to the **Partners** module on the Connect platform. Thereafter, click the **Add Partner** button from the **Directory** tab to launch the wizard.

ACCOUNT	TYPE	TECHNICAL CON.	BUSINESS CONTA.	PROGRAM	DISTRIBUTI.	SERVICE	SYN.	LIS.	STATUS
CloudBlue Connect PA-123-123	Distributor	Technical Contact robert balboa	business contact mighty mick	-	-	1	-	-	● Active

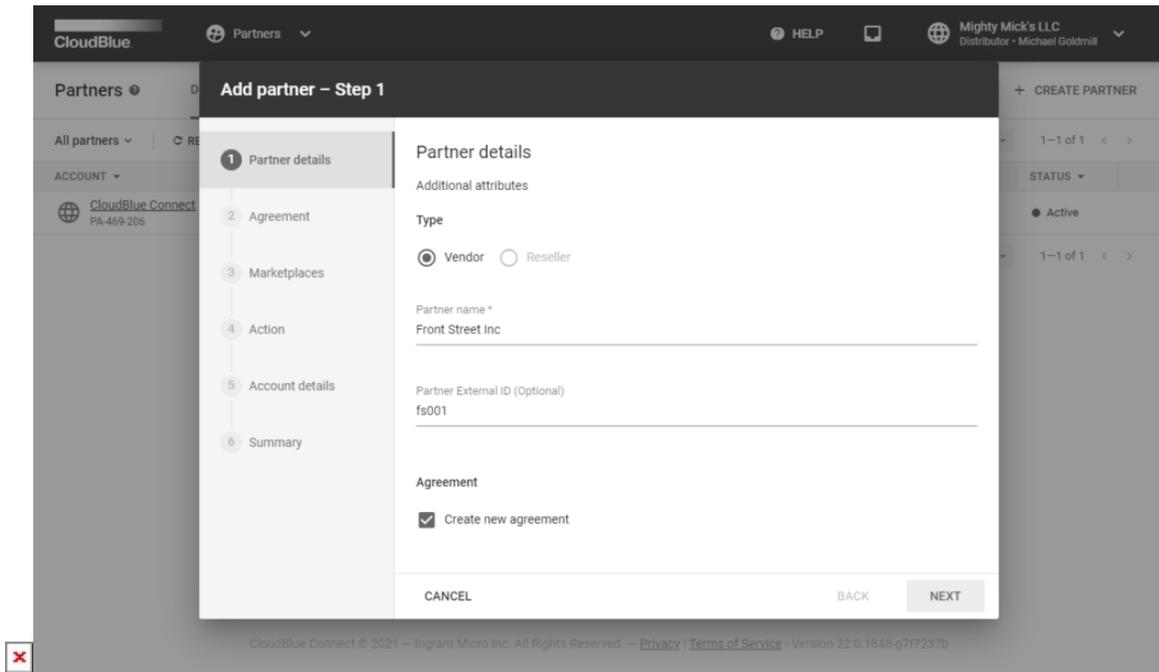

CloudBlue Connect © 2021 – Ingram Micro Inc. All Rights Reserved. – [Privacy](#) | [Terms of Service](#) - Version 22.0.1848-g7f7237b

Follow the wizard steps to successfully create a partner account.

Partner details

Specify your Partner details in the following form:

- **Type:** Select *Vendor* or *Reseller* type of your Partner.
- **Partner name:** Enter a name for your Partner's account.
- **Partner external ID:** Specify your Partner ID for your external system (optional).
- **Create new agreement:** Check this checkbox to generate a new agreement within the following wizard step.

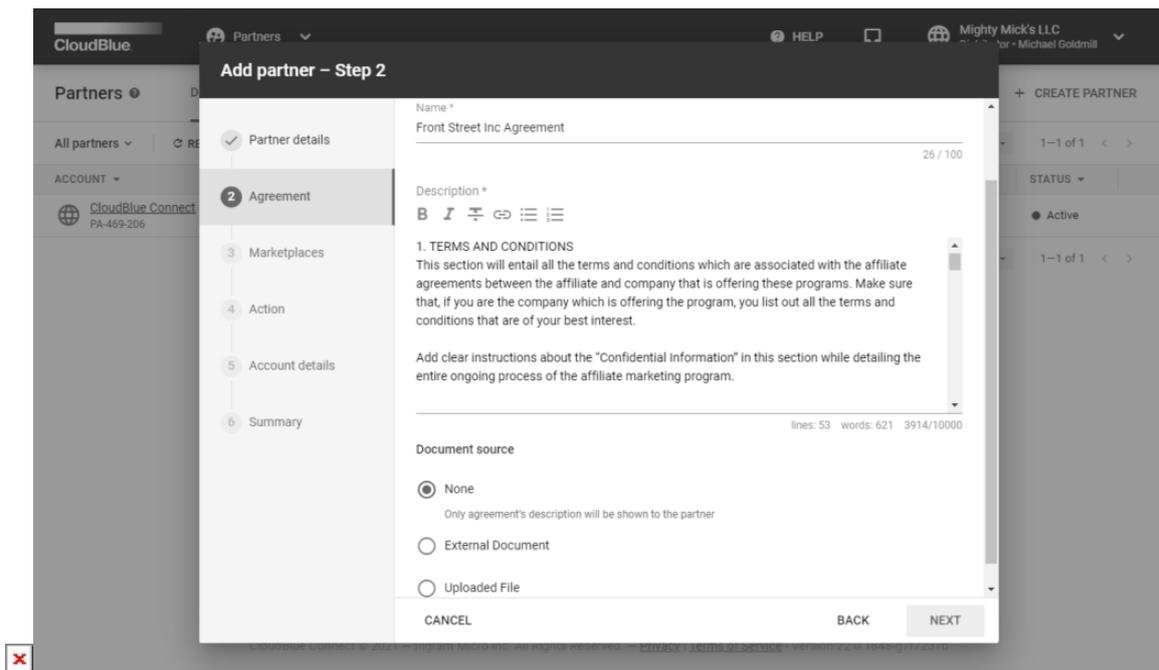

This scenario showcases how to create a Vendor account and a new agreement for *Front Street Inc.*

Click the **Next** button to continue.

Agreement

The wizard prompts Distributors to create a new agreement in case the corresponding option is selected.

In this scenario, a distribution agreement is specified within the *Description* field. Therefore, the *Document source* option will be

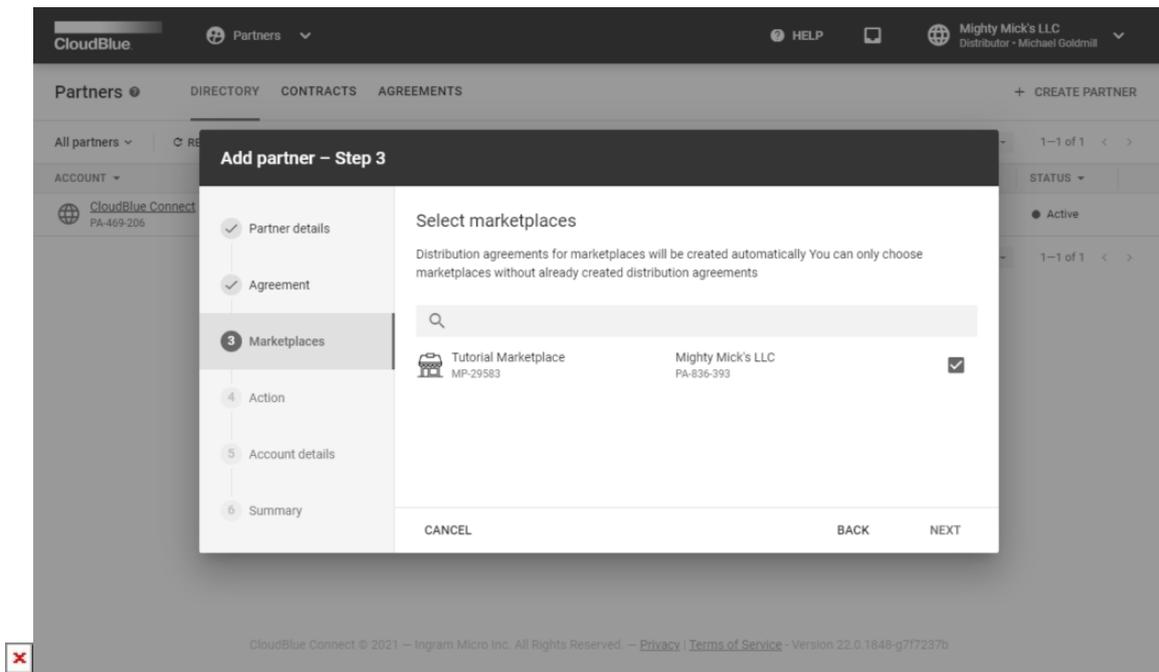

set to *None*. Note that the Vendor will also be able to view this description and get familiar with specified terms and conditions.

Click **Next** to continue.

Marketplace

In case the **Vendor** Partner type is selected, the wizard asks you to select a marketplace from the following list. Note that once Distributors select a marketplace, the system generates a distribution agreement for corresponding Vendors.

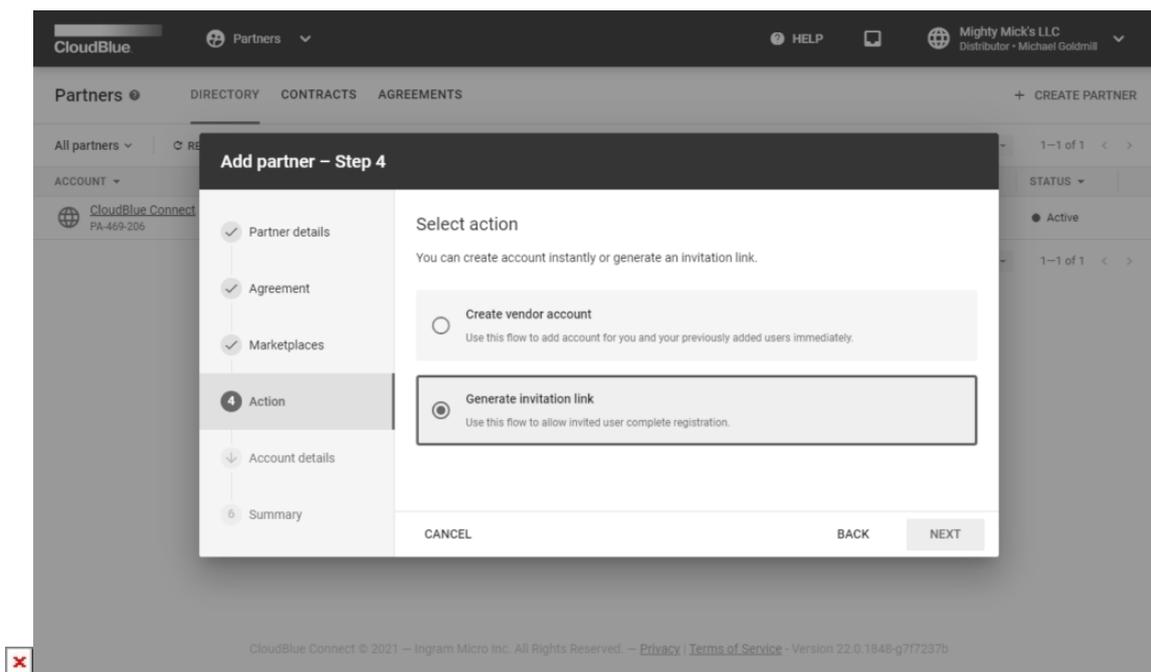

In this scenario, the previously created marketplace will be selected.

Click the **Next** button to continue.

Action

Select **Generate invitation link** option to create an invitation link for your partner. Otherwise, select the **Create account** option to instantly create an account for you and your added users.

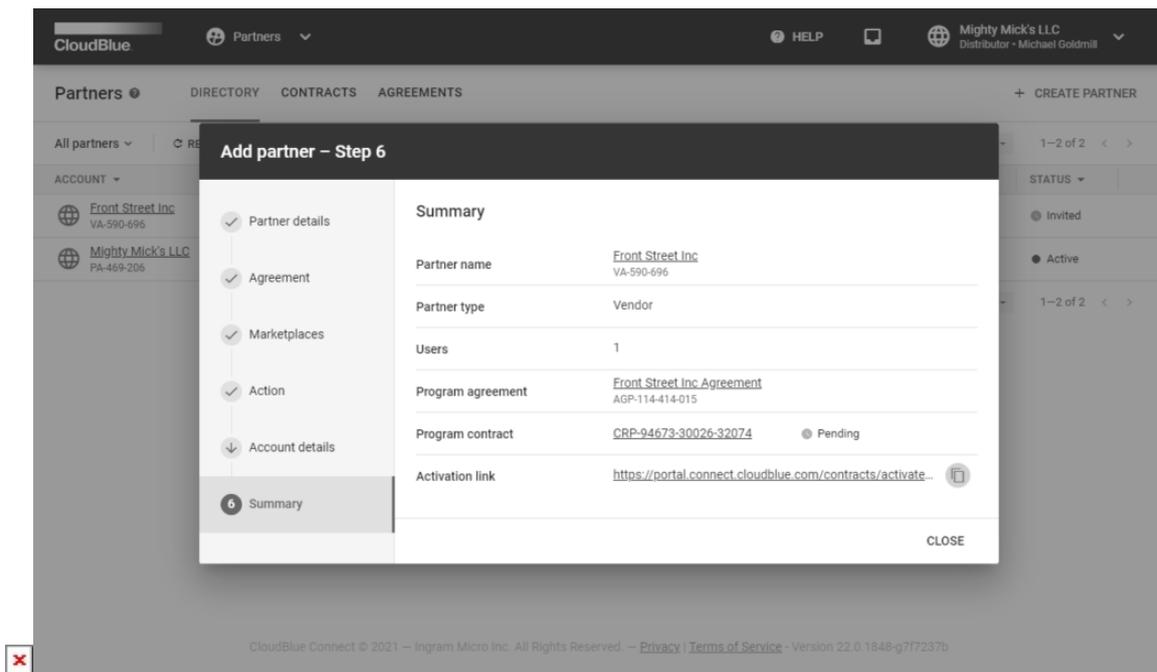

Since *Front Street Inc* will be invited to complete registration, the aforementioned Distributor *Mighty Mick's LLC* should generate an invitation link.

Click **Next** to continue.

Summary

As a result, the system provides a summary. Note that the system also displays generated agreements and contracts that could be accessed from the provided contextual links or via the *Contracts* and *Agreements* tabs.

Since the **Generate invitation link** option is selected, this summary also provides an **Activation link**. Copy this link and pass it to your Partner. Thus, your Partner will be invited to complete the registration and activate a Vendor or Reseller account.

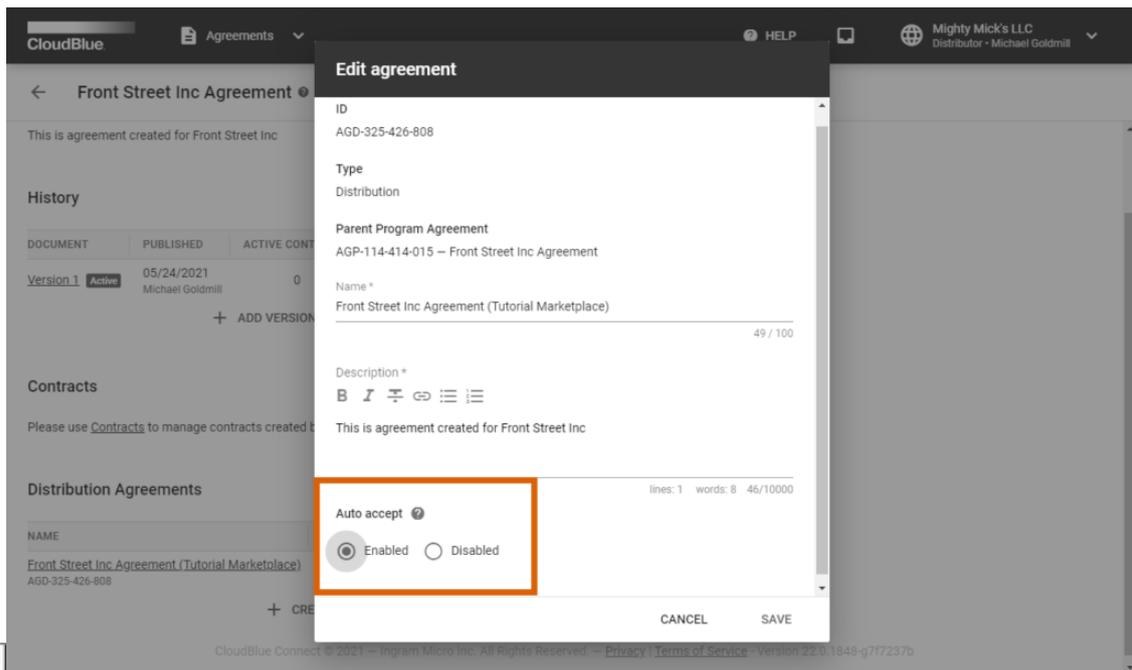

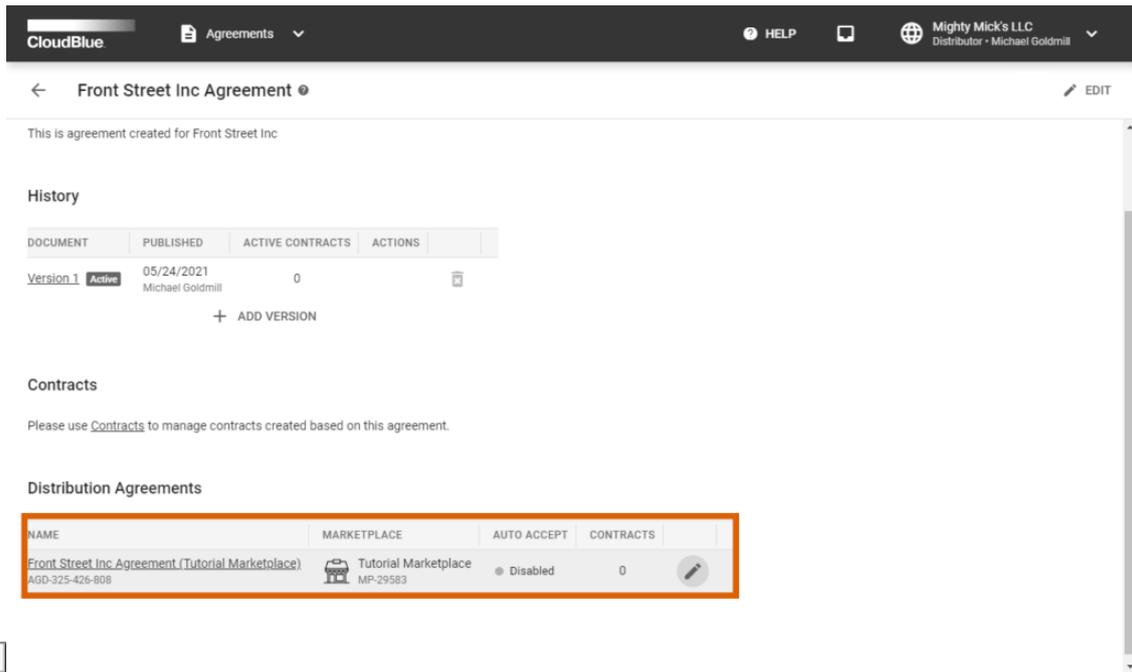

In this scenario, Mighty Mick's LLC generated an **activation link** for the Vendor organization. However, before providing this link for Front Street Inc, Mighty Mick's LLC wants to make sure that generated distribution agreement will be activated automatically.

Distribution Agreement Auto Accept

The following introduces and describes the *Auto Accept* option for your created Distribution Agreements. Note that this option is enabled by default.

Distribution Agreements, as the name suggests, defines detailed terms on distributing Vendor products via a specified marketplace. Vendors are required to enroll distribution agreements and distribution contracts manually in case the **Auto Accept** option is disabled. However, in case Distributors enable this option, specified agreement and contract are activated automatically once Vendors sign corresponding program agreement via the provided activation link.

Access your Distribution Agreement within your created *Program Agreement*. Thereafter, click on the **edit** icon to enable this option in the following *edit agreement* form.

In this scenario, Mighty Mick's LLC enables the *Auto Accept* option and provides an activation link to the *Front Street Inc* Vendor organization. Thus, once these Vendors activate their account, distribution agreement and distribution contract will be activated automatically.

Your Next Step

Once Distributors send required activation links to their partners, Vendors and Resellers can register their corresponding accounts to access the CloudBlue Connect platform. In case all aforementioned contracts and agreements for Vendors or Resellers are successfully activated, the *Contract Flow* will be successfully completed. Access [Product Listing Activation](#) to proceed with the Distributor Tutorial.

In case you need more information on the Partners module, proceed to the corresponding module documentation. Furthermore, refer to the [Agreements](#) documentation and the [Contracts](#) documentation if you want to get familiar with available contracts and agreements types on the Connect platform.
