Customers Interface

This article has been generated from the online version of the documentation and might be out of date. Please, make sure to always refer to the online version of the documentation for the up-to-date information.

Auto-generated at August 31, 2025

The following describes user interface and general operations with the Customers module on the CloudBlue Connect platform. The general operations include creating a new tier account, editing account data, accepting tier requests, and more.

Creating Tier Accounts

Proceed to **Customers** module and click the **Add Customer** button from the **Directory** tab to launch a *Tier Account Creation* wizard.

Once a required option is selected, click the **Next** button to continue.

3. Account data

Fill out the following account data form:

- **General:** Specify general account information like an organization name, external UUID/ID, and tax ID. Note that GUI ID will be generated automatically.
- **Address:** Provide address information for your new account, such as a country, city, zip code and so on.
- **Technical Contact:** Specify a technical contact for your account. Provide your contact last and first names, an email and a phone number.

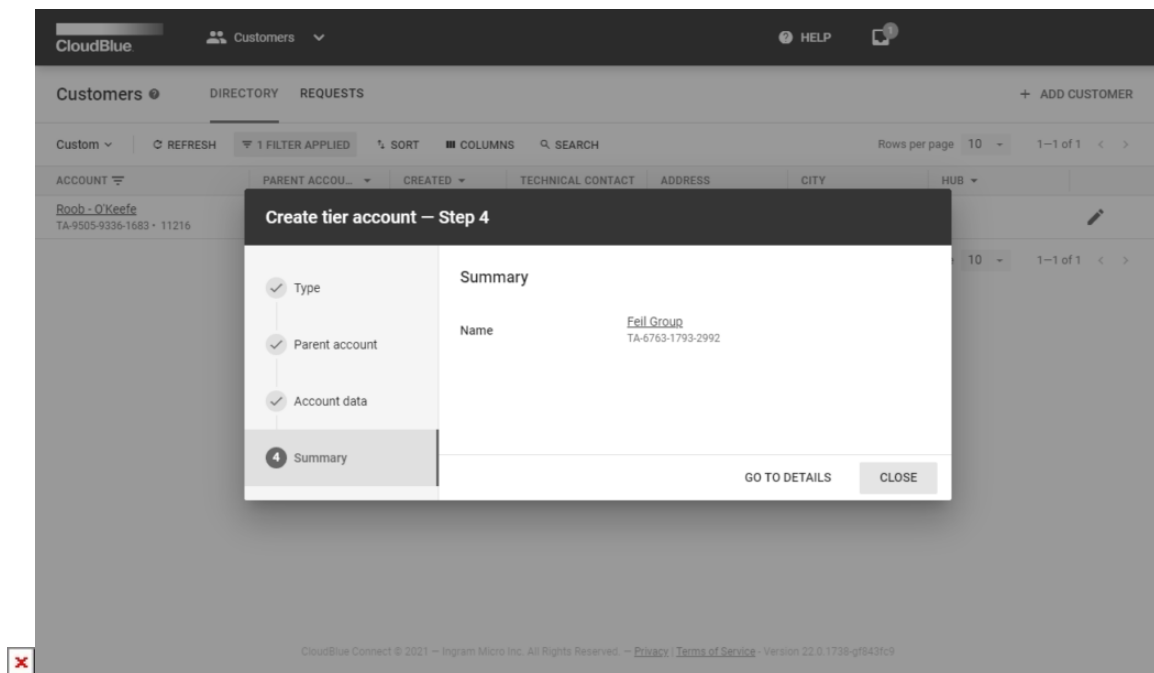

Note that you can also fill out all fields with random data by clicking the **Randomize** button.

Click the **Clear** button to clear out all provided fields.

Click the **Create** button to finalize your tier account creation.

4. Summary

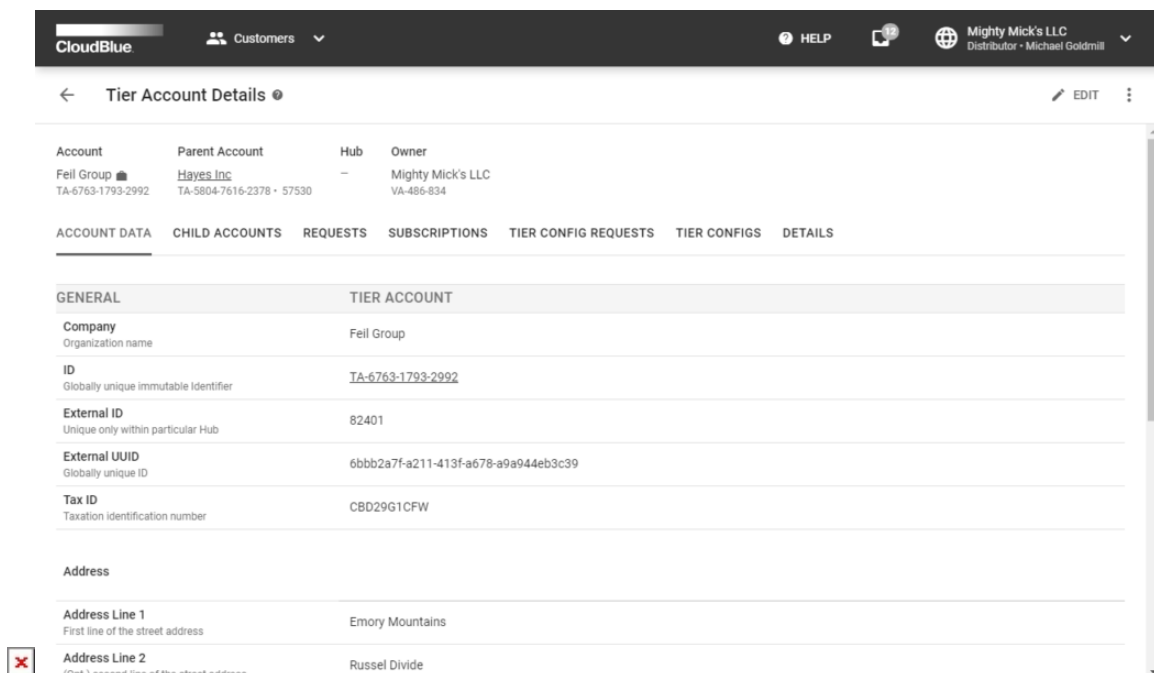

As a result, the system provides a summary once your tier account is successfully created.

Click **Go to Details** to access your created account details screen. Click the **Close** button to close the summary.

Tier Account Details

Click on a tier account name from the **Directory** tab to access the **Tier Account Details** screen.

Use the **Tier Account Details** screen to edit or delete your tier accounts. This screen also allows reviewing account, parent account, hub, and owner information.

Furthermore, this screen provides various data within the following tabs:

- **Account Data:** This tab displays general account information, address data, and a technical contact.
- **Child Accounts:** Access child tier accounts of this account via this tab.
- **Requests:** View fulfillment requests that are associated with this tier account.
- **Subscriptions:** This tab provides interconnected subscriptions.
- **Tier Config Requests:** View associated tier configuration requests.
- **Tier Configs:** Access associated tier configurations via this tab.
- **Details:** This tab displays update and creation date of your tier account.

Editing Tier Accounts

Vendors and Providers can edit tier accounts to update specified account information. In case any account data is edited, the system generates a tier account request that can be approved or ignored by Vendors via **Tier Account Details** screen. Edit your tier account data by following the steps below.

1. Click the **Edit** button from the **Tier Account Details** screen to launch the Tier Account Update wizard.

The screenshot shows the 'Tier Account Details' screen in the CloudBlue interface. At the top, there's a header with 'CloudBlue', 'Customers', and a user profile 'Mighty Mick's LLC'. Below the header, the title 'Tier Account Details' is followed by a back arrow and an 'EDIT' button (highlighted with an orange box). The main content area displays account information in a table-like format:

Account	Parent Account	Hub	Owner
Feil Group TA-6763-1793-2992	Hayes Inc TA-5804-7616-2378 • 57530	—	Mighty Mick's LLC VA-486-834

Below this, there are tabs for 'ACCOUNT DATA', 'CHILD ACCOUNTS', 'REQUESTS', 'SUBSCRIPTIONS', 'TIER CONFIG REQUESTS', 'TIER CONFIGS', and 'DETAILS' (which is currently selected). At the bottom, there's a section for 'Created at' and 'Updated at' dates, both showing '04/09/2021 9:27 AM'.

CloudBlue Connect © 2021 – Ingram Micro Inc. All Rights Reserved. – [Privacy](#) | [Terms of Service](#) - Version 22.0.1738-gf843fc9

2. Update your tier account information within the **Account data** form.

Note

It is possible to specify a parent account and change your tier account type by clicking **Back** and editing information within the provided wizard steps.

CANCEL BACK SAVE

Click the **Save** button to edit your tier account and generate a tier account request.

Note that this tier account is successfully updated once your tier account request is approved.

Deleting Tier Accounts

Vendors and Providers can remove a tier account by accessing the **Tier Account Details** screen. Note that deleted tier account data cannot be restored. The following steps showcase how to delete a tier account on the Connect platform.

Removing Parent Accounts

Note that parent tier accounts cannot be deleted on the Connect platform. In case it is necessary to remove a parent account, delete its child accounts first. Otherwise, the system displays a corresponding error after performing the following operations.

1. Open the vertical ellipsis () menu and click the **Delete** button.

Use the **Account Data** tab from the **Tier Account Request Details** screen to review the required tier account changes and updates.

The **Details** tab displays an associated *Hub* and *external ID* of your request.

Access *subscriptions* that are interconnected with this tier account request via the **Subscriptions** tab.

Use the **Tier Configuration** tab to view and access associated *tier configurations*.

Furthermore, Vendors can accept required account changes or ignore them by accessing the **Tier Account Request Details** screen.

Accepting Requests

Once a request to change or update a tier account is created, Vendors can accept this request via **Tier Account Request Details**.

Unsupported Requests

In case the **Tier Accounts Sync** capability is disabled, your generated tier account request is assigned to the **Unsupported** state and automatically ignored by the system. Make sure to switch on this capability from the Capabilities tab within the **General** section

of your product profile page. Thus, Vendors will be able to accept tier account requests.

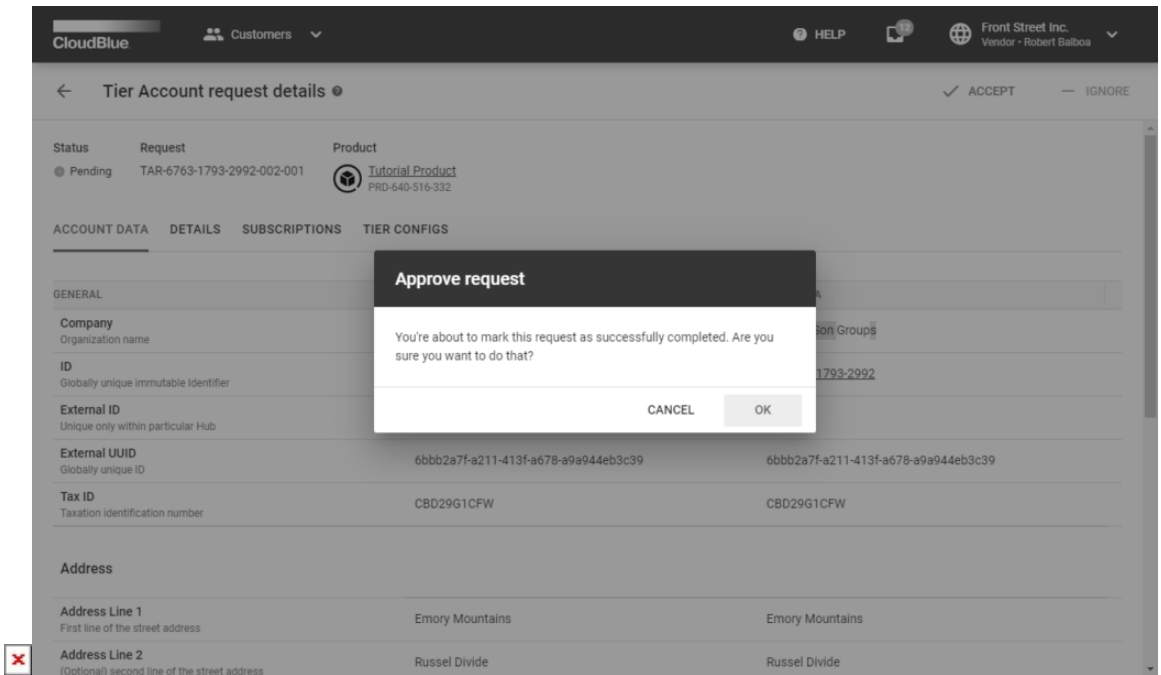

Follow the steps below to successfully accept a tier account request.

1. Click the **Accept** button from the **Tier Account Request Details** screen after reviewing required changes or updates.

The screenshot shows the 'Tier Account request details' screen in the CloudBlue interface. At the top, there's a navigation bar with 'CloudBlue', 'Customers', 'HELP', and 'Front Street Inc. Vendor - Robert Balboa'. Below the navigation bar, the title 'Tier Account request details' is followed by a back arrow and two buttons: 'ACCEPT' (highlighted with an orange box) and 'IGNORE'. The main content area displays the request details for a 'Pending' request (TAR-6763-1793-2992-002-001) for the 'Tutorial Product' (PRD-640-516-332). The details are organized into tabs: 'ACCOUNT DATA', 'DETAILS', 'SUBSCRIPTIONS', and 'TIER CONFIGS'. The 'DETAILS' tab is active, showing a table with 'GENERAL', 'OLD DATA', and 'NEW DATA' columns. The table lists various identifiers and addresses, with some fields showing changes. A red 'X' icon is visible in the bottom left corner of the table area.

GENERAL	OLD DATA	NEW DATA
Company Organization name	Feil Group	Feil and Son Group
ID Globally unique immutable Identifier	TA-6763-1793-2992	TA-6763-1793-2992

External UUID Globally unique ID	6bbb2a7f-a211-413f-a678-a9a944eb3c39	6bbb2a7f-a211-413f-a678-a9a944eb3c39
Tax ID Taxation identification number	CBD29G1CFW	CBD29G1CFW
Address		
Address Line 1 First line of the street address	Emory Mountains	Emory Mountains
Address Line 2 (Optional) second line of the street address	Russel Divide	Russel Divide

2. Confirm your decision by clicking **OK** in the following pop-up window.

Therefore, this request will be accepted and its interconnected tier account will be successfully updated.

Ignoring Requests

In case of an error, Vendors can assign the *Ignored* state to a tier account request. Note that ignoring updates and changes to a tier account will not revert or discard changes. However, ignoring these request can be especially useful to indicate errors and consolidate relevant tier account data. The following steps showcase how to ignore a tier account request.

1. Click the **Ignore** button from the **Tier Account Request Details** screen.
