Overview

Invited Distributors can enroll a *Referral Contract* (also called *Direct Sourcing Contracts* or *Direct Contracts*) to arrange direct collaboration with Vendors via Product Catalog. Specifically, the system allows organizations to enroll a referral contract in case the Sourcing Distributor creates a *Referral Agreement* and attaches it to the configured *Service Agreement*. Navigate to the Referral Agreements documentation and Catalog Management documentation for more details.

Program Agreement is Required!

In case your organization needs to enroll a new referral contract, make sure that your organization created at least one *Program Agreement*. Refer to the Program Agreement documentation for more details.

The following describes how to enroll a referral contract and how invited Distributors can start collaborating with Vendors on the CloudBlue Connect platform.

Enrolling Referral Contracts

Access the Catalog module and select a product that provides a referral agreement in the **Direct Contracts** tab.

Click the **Enroll** button to launch a referral contract creation wizard. Thereafter, follow the wizard steps to successfully create and enroll a referral contract:

Program Contracts

Distributors.

Processing Program Contracts

Once Distributors submit their program contract to Vendors on the CloudBlue Connect platform, Vendors are required to process such contracts to initiate new business collaboration. In case Vendors successfully sign the program contract, the system allows Distributors to list the product within their marketplace.
