Syndication Contracts

×

This article has been generated from the online version of the documentation and might be out of date. Please, make sure to always refer to the online version of the documentation for the up-to-date information.

Auto-generated at July 5, 2025

Syndication (or *syndicated*) contracts are required for Resellers to establish business collaboration with Distributors on the CloudBlue Connect platform. This allows Resellers to acquire a specific product that is provided via a Catalog.

Note that the system requires Distributors to create a syndication agreement that serves as the template for these contracts and define their Catalog of products. The syndication agreement should also represent a **sourcing agreement** and attached to the corresponding service agreement that defines terms of collaboration with Resellers. Otherwise, it is not possible to access or enroll syndication contracts.

Furthermore, in certain cases, Distributors can also enroll such contracts to collaborate with their business partner and represent Resellers of a specific product.

The following showcases how to enroll the syndication contract and describes the *Contract Details* interface on Connect.

Enrolling Syndication Contracts

×

Resellers can enroll syndicated contracts only in case Distributors provide the access to their *product catalog*. This catalog provides a list of products that are available for subsequent syndication operations and referral programs.

Access the Catalog module to select a required product that will be used for your new syndication contract.

×

Next, navigate to the **Syndicated Contracts** tab and locate your marketplace from the provided list. Once your required marketplace is selected, click the **Enroll** button to launch the **Syndication contract enrollment** wizard.

Thereafter, follow the wizard steps to successfully create and enroll your contract:

- 1. **Partner**: Make sure that correct business partner is selected.
- 2. Source Marketplace: Select a marketplace that provides your selected product.
- 3. Agreement: Review the provided agreement and check the *I have read and accepted the agreement* checkbox.
- 4. **Submit**: Provide additional information for your business partner and click *Submit*.

As a result, the system will provide a summary with your specified business partner, product, target marketplace and created

syndication contract.

×

Click the **Go to Details** button to access syndication contract or click **Close** to close the summary.

Syndication Contract Details

Click on <u>your syndication contract ID</u> from the **Contracts** tab of the **Partners** module.

Therefore, you will access the Syndication Contract Details screen.

The following describes the user interface and its data within each tab.

General

Use **syndication contract details** screen to access your contract data, such as contract **Signee**, update/creation date, **Issuer**, contract **ID**, and contract **Status**.

The **General** tab allows reviewing the selected **Product**, specified **Marketplace**, associated **Syndication agreement**, and **Target Marketplace**. Target Marketplaces represent selected market channel that belong to the Reseller.
