Vendor Pricing Interface

This article has been generated from the online version of the documentation and might be out of date. Please, make sure to always refer to the online version of the documentation for the up-to-date information.

Auto-generated at January 31, 2026

The following provides instructions on how to create a vendor price list instance, generate a price list version, add a price list to a listing and perform other pricing operations by using the graphical user interface on the CloudBlue Connect platform.

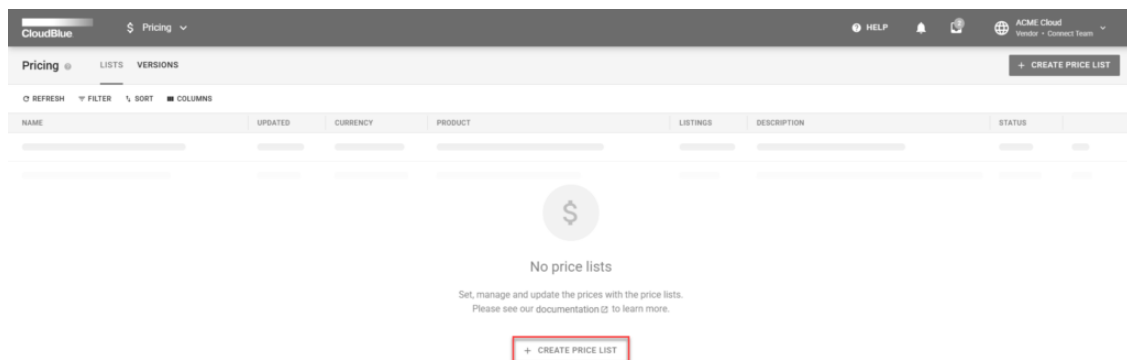

Distributor Price Module Interface

The content on this page is only for the Vendor Portal's Price module. For the Distributor Portal's Price module, please refer to this page.

Price List Creation

Create a new price list object by accessing the **Pricing** module and. Furthermore, the system also enables Vendors to generate a new price list via the **product profile** page. Note that by creating a price list, Vendors generate an initial price list version and specify its activation time and date.

Click the **Add Price List** button to launch a price list creation wizard.

CloudBlue Connect © 2025 CloudBlue LLC All Rights Reserved. -- Terms of Service - Version 38.5.2017-g34c3701

Follow the wizard steps to successfully configure your price list.

General

Specify the following general attributes:

- **Name:** Enter a price list name in this field.
- **Currency:** Select a currency for your price list. Note that the system filters the following marketplace options depending

on your selected currency.

- **Precision:** Choose your price precision from the list.
- **Description:** Provide your price list description. Note that specifying description is a required procedure.

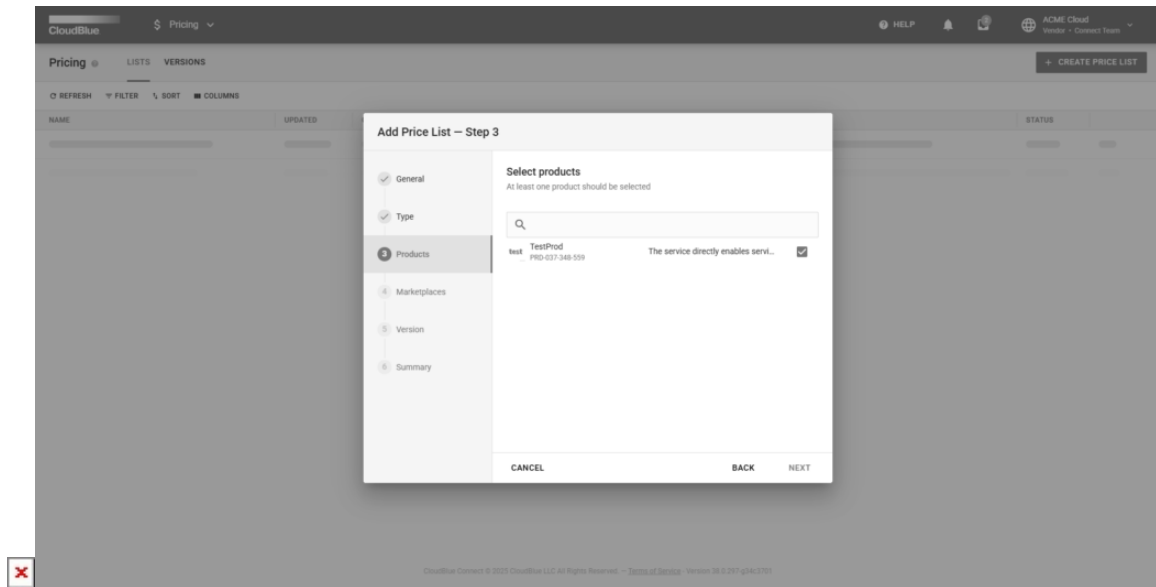

Click **Next** to continue.

Type

Select the appropriate price list type which the product's pricing is structured on.

Products

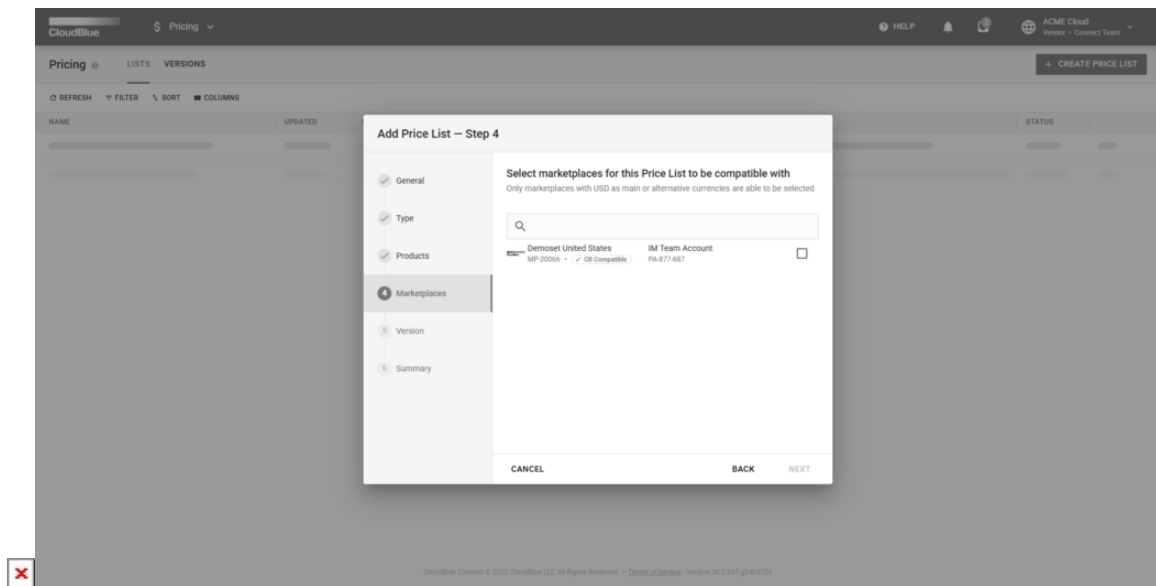

Select your product in the following form. Note that at least one product should be selected.

Click the **Next** button to continue.

Marketplace

Specify a marketplace that supports your selected currency. At least one marketplace should be selected.

CloudBlue Compatible Marketplaces

If a distributor's marketplace supports CloudBlue compatible price lists through CloudBlue Commerce, it will be indicated next to the marketplace ID.

Click **Next** to continue.

Version

Specify the following attributes for your initial price list version:

- **Start date:** Select your price list version launch date.
- **Start time:** Choose your price list version launch time.
- **Description:** Edit your price list version description by using this field.

Note

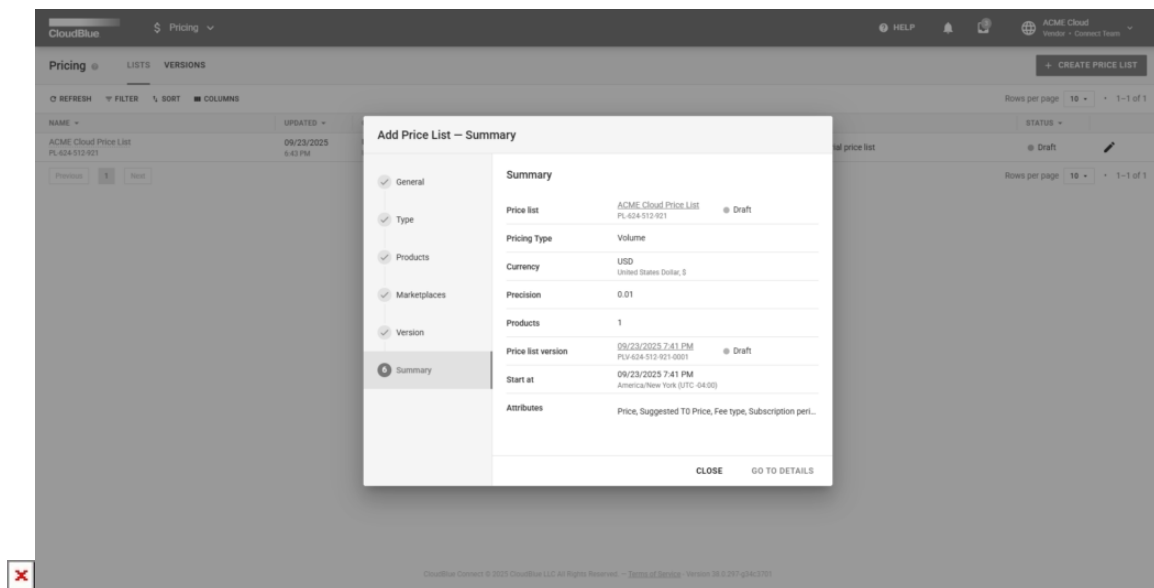

Specified *start date* and *start time* will not serve as your price list version activation time and date. You can schedule your price list version activation once your price list is successfully created.

The screenshot shows the 'Add Price List - Step 5' dialog box in the CloudBlue interface. The dialog is titled 'Add Price List - Step 5' and has a sidebar with tabs: General, Type, Products, Marketplaces, Version (selected), and Summary. The 'Version' tab is active, showing the 'Initial version' section with the text 'Price list needs to be initialized with initial values'. Below this, the 'Timezone' is set to 'America/New York (UTC -04:00)' with a note 'Using timezone from your account settings'. The 'Start date' is set to '09/23/2025' and the 'Start time' is set to '6:41 PM'. The 'Description' field contains the text 'This is a tutorial price list'. At the bottom of the dialog are three buttons: 'CANCEL', 'BACK', and 'CREATE'.

Click **Create** to finalize your price list and creation.

Summary

As a result, the system provides a summary for your generated price list and price list version objects

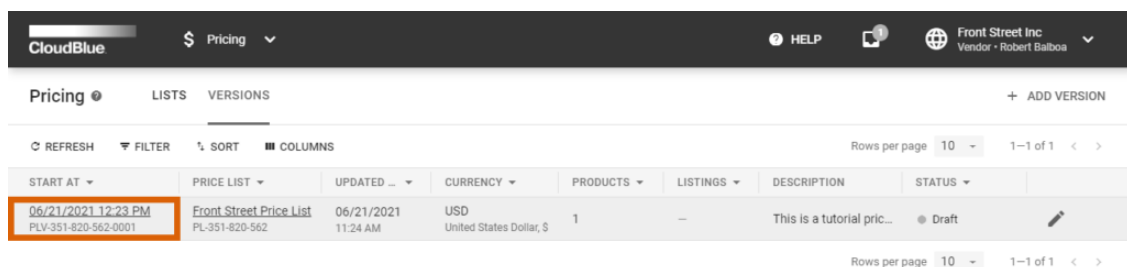

Click the **Go to Details** button to access the price list details screen. Otherwise, click **Close** to close the summary.

Version Details Screen

Once a price list version is generated, Vendors can access the price version details screen to activate your version, schedule activation, edit or delete your price list version, manage price values, and perform other operations.

Proceed to the **Versions** section of the **Pricing** module. Thereafter, click on the Start At value to access the price list version details.

The screenshot shows the CloudBlue interface for a vendor named 'Front Street Inc'. The top navigation bar includes the CloudBlue logo, a '\$ Pricing' dropdown, a 'HELP' icon, a notification bell, and the vendor's name. The main header displays 'Price list version 06/30/2021 12:23 PM details' with 'ACTIVATE' and 'EDIT' options. Below this is a table with columns: Status (Draft), ID (PLV-351-820-562-0001), Start At (06/30/2021 12:23 PM America/New York (UTC -04:00)), Price List (Front Street Price List PL-351-820-562), and Currency (USD United States Dollar, \$). A tab bar at the bottom has 'ITEMS', 'BULK UPDATE' (highlighted with an orange box), and 'DETAILS'. The 'Files' section below the tabs shows a message 'There are no files at the moment' and an 'UPLOAD' button (also highlighted with an orange box).

The screenshot displays the 'Price list version details' screen in the CloudBlue interface. At the top, there's a navigation bar with 'CloudBlue', a 'Pricing' dropdown, and links for 'HELP', 'ACME Cloud', 'Vendor', and 'Contact Team'. Below this, a breadcrumb shows 'Price list version details' with a timestamp '09/23/2025 7:49 PM' and a 'CloudBlue Compatible' status. On the right, 'ACTIVATE' and 'EDIT' buttons are visible. The main content area is divided into two columns. The left column shows 'Status' as 'Draft', 'ID' as 'PLV-477-245-840-0001', 'Type' as 'Volume Pricing', and 'Start at' as '09/23/2025 7:49 PM'. The right column shows 'Price List' as 'Volume Pricing', 'Product' as 'TestProd', 'Currency' as 'USD', and 'Precision' as '0.01'. Below this, there are tabs for 'ITEMS', 'BULK UPDATE' (which is highlighted with a red box), and 'DETAILS'. Under the 'BULK UPDATE' tab, there's a section titled 'Files' with the instruction 'Upload modified version files to perform bulk update operations.' Below this instruction, there's a message 'There are no files at the moment' and an 'UPLOAD' button, which is also highlighted with a red box.

The individual items can be configured with the CloudBlue Commerce values of recurring, setup, and overuse per item and configured with appropriate commitment periods.

In the individual item volume buckets, each item can be assigned multiple volume buckets – with a lower limit for each bucket, as well as the correct price value.

Vendors can export and import item price values by clicking on the vertical ellipsis () and selecting the **Download** or **Upload** options. In addition, Vendors can update provided values by using the bulk update functionality via the corresponding tab.

Note

The system imports, exports and updates the item price data in the XLSX format. It is recommended to download the spreadsheet file and get familiar with provided spreadsheet tabs first. Thereafter, you can edit provided data and upload it to the Connect platform.

Once all required values are specified, the system enables Vendors to activate price list version as described below.
