Defining the pay-as-you-go items requires the enabled **Pay-as-you-go** setting in the Capabilities list. Creating a product listing with these items is necessary to initiate the Usage Flow. Furthermore, creating such items is essential for generating usage reports via the Usage module.

Define Your Items

Access the Pay As You Go tab from the **Items** section of your product profile page. Thereafter, click the **Create Item** button to define a new pay-as-you-go item.

The following wizard help users to successfully configure their *pay-as-you-go* items.

1. General

Specify the general item properties:

- **Name:** Enter your item name.
- **Manufacturer Part Number:** Type your item MPN.
- **Description:** Enter a short description of your item.
