Reservation Items

This article has been generated from the online version of the documentation and might be out of date. Please, make sure to always refer to the online version of the documentation for the up-to-date information.

Auto-generated at February 11, 2026

The **Items** section of the product profile page provides the **Reservation** tab that is used to define reservation items. The following provides step-by-step instructions on how to define the items on the Connect platform.

Define your items

Click on the **Edit** icon next to a provided default item to edit this item. Alternatively, delete the default items and click the **Create Item** button to define a new item.

The screenshot shows the CloudBlue interface for the 'Tutorial Product'. The 'Items' tab is active, displaying a table of reservation items. The table has columns: NAME, PERIOD, MPN, UNIT, and STATUS. The first item is 'Prd 404 832 779 0001' with a period of '1 month', MPN 'MPN-A', unit 'Devices', and status 'Draft'. The 'Edit' icon (pencil) is highlighted in an orange box next to this item. The 'CREATE ITEM' button is also visible in the top right corner.

NAME	PERIOD	MPN	UNIT	STATUS
Prd 404 832 779 0001 PRD-404-832-779-0002	1 month No commitment	MPN-A	Devices	Draft

The screenshot shows the CloudBlue interface for the 'Tutorial Product'. The 'Items' tab is active, displaying a 'No items' message. The message states: 'No items. Manage product items here. Please see our [documentation portal](#) to learn more.' The 'CREATE ITEM' button is highlighted in an orange box.

The following steps in the appeared form help you to successfully configure your reservation items.

1. General

Specify the general properties:

- **Name:** Enter your item name.
- **Manufacturer Part Number:** Type your item MPN.
- **Description:** Enter a short description of your item.
- **Parent Item:** Select a parent item (optional).

Click **Next** or click on the **Type** step to specify the type properties.

2. Type

Fill out the type form

Information

The type form allows specifying the following properties:

Billing Period specifies the interval of time from the end of one billing statement date to the next billing statement date.

Commitment period specifies whether a Vendor is committed to providing the service for a selected period and whether customers are committed to paying for the service

during this period.

Unit defines how service resources are accounted for, for example, per unit or per computer.

- **Billing period:** Select a billing period from the list. The system allows selecting 1 month, 1-5 years, or perpetual options.
- **Commitment period:** Select the commitment period from 1 to 5 years or exclude commitment by selecting the “no commitment” option.
- **Unit:** Select an item unit type from the list. The system provides a variety of available item unit types to select, such as Licenses, Devices, Messages, Calls, Users, and more.

The screenshot displays the 'Create Item - Step 2' dialog in the CloudBlue application. The dialog has a dark header with the title 'Create Item - Step 2'. Below the header, there are two tabs: 'General' (active) and 'Type'. The 'General' tab contains three dropdown menus: 'Billing period' (set to '1 month'), 'Commitment period' (set to 'No commitment'), and 'Unit' (set to 'Licenses'). At the bottom of the dialog are three buttons: 'CANCEL', 'BACK', and 'CREATE'. The background shows the CloudBlue interface with a sidebar menu on the left and a top navigation bar. The sidebar menu includes options like 'Tutorial Product', 'General', 'Items', 'Parameters', 'Embedding', 'Configuration', 'Versions', 'Localization', 'Preview', and 'Price Lists'. The top navigation bar includes 'CloudBlue', 'Products', and 'HELP'.

Save your items

Click **Save** or **Create** to complete your item definition.

As a result, your defined item will be available on the **Reservation** items list.
