# Reservation Items

This article has been generated from the online version of the documentation and might be out of date. Please, make sure to always refer to the online version of the documentation for the up-to-date information.

Auto-generated at April 2, 2026

The **Items** section of the product profile page provides the **Reservation** tab that is used to define reservation items. The following provides step-by-step instructions on how to define the items on the Connect platform.

## Define your items

Click on the **Edit** icon next to a provided default item to edit this item. Alternatively, delete the default items and click the **Create Item** button to define a new item.

The screenshot shows the CloudBlue interface for the 'Tutorial Product'. The 'Items' section is active, displaying a table of reservation items. The first item is highlighted, and its 'Edit' icon (pencil) is circled in red. The table has columns for NAME, PERIOD, MPN, UNIT, and STATUS. The first item has a name 'Prd 404 832 779 0001', a period of '1 month', an MPN of 'MPN-A', a unit of 'Devices', and a status of 'Draft'. The 'CREATE ITEM' button is visible in the top right corner.

NAME	PERIOD	MPN	UNIT	STATUS
Prd 404 832 779 0001 PRD-404-832-779-0002	1 month No commitment	MPN-A	Devices	Draft

The screenshot shows the CloudBlue interface for the 'Tutorial Product'. The 'Items' section is active, but it displays a 'No items' message. The message says 'Manage product items here. Please see our [documentation portal](#) to learn more.' The '+ CREATE ITEM' button is highlighted with a red box.

The following steps in the appeared form help you to successfully configure your reservation items.

## 1. General

Specify the general properties:

- **Name:** Enter your item name.
- **Manufacturer Part Number:** Type your item MPN.
- **Description:** Enter a short description of your item.
- **Parent Item:** Select a parent item (optional).

Click **Next** or click on the **Type** step to specify the type properties.

## 2. Type

Fill out the type form

### Information

The type form allows specifying the following properties:

**Billing Period** specifies the interval of time from the end of one billing statement date to the next billing statement date.

**Commitment period** specifies whether a Vendor is committed to providing the service for a selected period and whether customers are committed to paying for the service

during this period.

**Unit** defines how service resources are accounted for, for example, per unit or per computer.

- **Billing period:** Select a billing period from the list. The system allows selecting 1 month, 1-5 years, or perpetual options.
- **Commitment period:** Select the commitment period from 1 to 5 years or exclude commitment by selecting the “no commitment” option.
- **Unit:** Select an item unit type from the list. The system provides a variety of available item unit types to select, such as Licenses, Devices, Messages, Calls, Users, and more.

## Save your items

Click **Save** or **Create** to complete your item definition.

As a result, your defined item will be available on the **Reservation** items list.

The screenshot shows the CloudBlue interface. The top navigation bar includes the CloudBlue logo, a 'Products' dropdown, a 'HELP' icon, a mobile device icon, and the user information 'Front Street Inc' and 'Vendor - Robert Balboa'. The left sidebar contains a navigation menu with options: General, Items (selected), Parameters, Embedding, Configuration, Versions, Localization, Preview, and Price Lists. The main content area is titled 'Items' and shows a table with columns: NAME, PERIOD, MPN, UNIT, and STATUS. The table contains one row with the following data: NAME: Prd 001 (with a link icon and ID PRD-404-832-779-0001), PERIOD: 1 month (with 'No commitment' below it), MPN: MPN 001, UNIT: Licenses, and STATUS: Draft. The table also includes a 'CREATE ITEM' button and pagination controls (Rows per page: 50, 1-1 of 1).

It is possible to review the provided item information by accessing the *item details* screen. Click the edit icon to update item name, MPN, or description.
