Reservation Items

This article has been generated from the online version of the documentation and might be out of date. Please, make sure to always refer to the online version of the documentation for the up-to-date information.

Auto-generated at June 25, 2026

The **Items** section of the product profile page provides the **Reservation** tab that is used to define reservation items. The following provides step-by-step instructions on how to define the items on the Connect platform.

Define your items

Click on the **Edit** icon next to a provided default item to edit this item. Alternatively, delete the default items and click the **Create Item** button to define a new item.

The screenshot shows the CloudBlue interface for the 'Tutorial Product' under the 'Items' tab. The 'RESERVATION' sub-tab is active. A table lists reservation items with columns for NAME, PERIOD, MPN, UNIT, and STATUS. The first item has a status of 'Draft' and an 'Edit' icon (pencil) highlighted with a red box. The interface includes a sidebar with navigation options like General, Items, Parameters, etc., and a top navigation bar with 'Products' and 'Front Street Inc'.

NAME	PERIOD	MPN	UNIT	STATUS
Prd 404 832 779 0001 PRD-404-832-779-0002	1 month No commitment	MPN-A	Devices	Draft

The screenshot shows the CloudBlue interface for the 'Tutorial Product' under the 'Items' tab. The 'RESERVATION' sub-tab is active. The main content area displays a 'No items' message with a large plus icon and the text 'Manage product items here. Please see our [documentation portal](#) to learn more.' A '+ CREATE ITEM' button is highlighted with a red box. The interface includes a sidebar with navigation options and a top navigation bar.

The following steps in the appeared form help you to successfully configure your reservation items.

1. General

Specify the general properties:

- **Name:** Enter your item name.
- **Manufacturer Part Number:** Type your item MPN.
- **Description:** Enter a short description of your item.
- **Parent Item:** Select a parent item (optional).

Click **Next** or click on the **Type** step to specify the type properties.

2. Type

Fill out the type form

Information

The type form allows specifying the following properties:

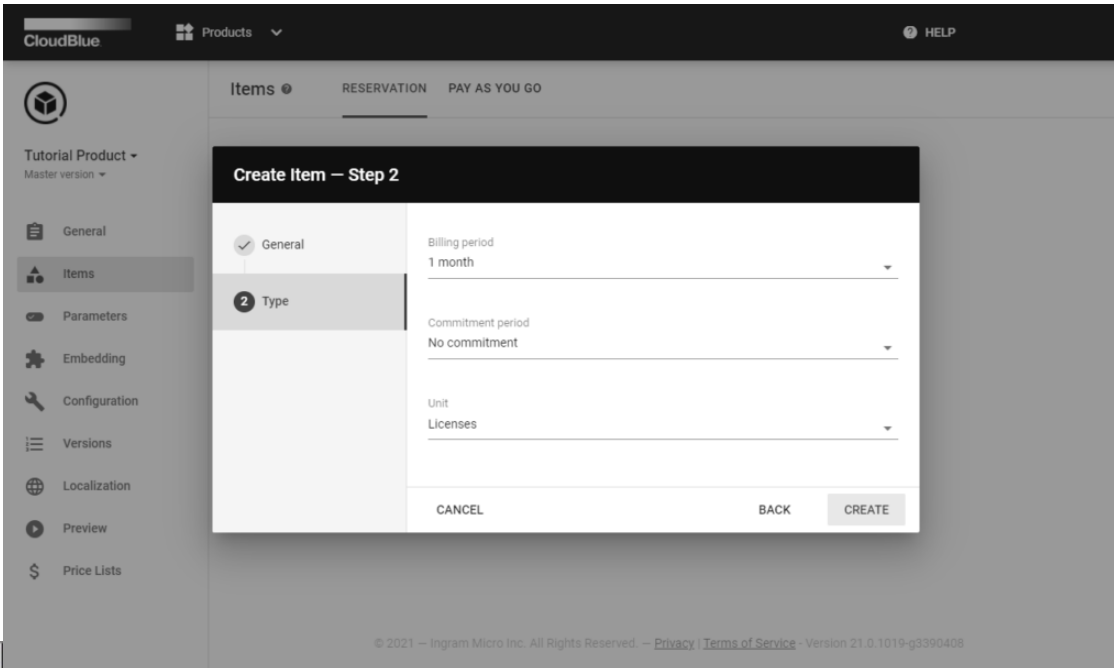

Billing Period specifies the interval of time from the end of one billing statement date to the next billing statement date.

Commitment period specifies whether a Vendor is committed to providing the service for a selected period and whether customers are committed to paying for the service

during this period.

Unit defines how service resources are accounted for, for example, per unit or per computer.

- **Billing period:** Select a billing period from the list. The system allows selecting 1 month, 1-5 years, or perpetual options.
- **Commitment period:** Select the commitment period from 1 to 5 years or exclude commitment by selecting the “no commitment” option.
- **Unit:** Select an item unit type from the list. The system provides a variety of available item unit types to select, such as Licenses, Devices, Messages, Calls, Users, and more.

Save your items

Click **Save** or **Create** to complete your item definition.

As a result, your defined item will be available on the **Reservation** items list.

The screenshot shows the CloudBlue 'Items' management interface. The top navigation bar includes 'CloudBlue', 'Products', 'HELP', and user information for 'Front Street Inc'. The left sidebar contains navigation options: 'Tutorial Product', 'General', 'Items' (selected), 'Parameters', 'Embedding', 'Configuration', 'Versions', 'Localization', 'Preview', and 'Price Lists'. The main content area is titled 'Items' and shows a table with columns: NAME, PERIOD, MPN, UNIT, and STATUS. The table contains one row with the following data: NAME: Prd 001 (with a sub-row PRD-404-832-779-0001), PERIOD: 1 month (with a sub-row No commitment), MPN: MPN 001, UNIT: Licenses, and STATUS: Draft. The table also includes 'REFRESH', 'FILTER', and 'COLUMNS' controls, and pagination information (Rows per page: 50, 1-1 of 1).

It is possible to review the provided item information by accessing the *item details* screen. Click the edit icon to update item name, MPN, or description.
